

THE APPROPRIATE PERENNIAL PLANT LIST.

These plants live well in our average/ modestly drained soils. They are climate durable in our region and are not socially over aggressive.

When you come to know the growth rate and growth habit of each plant. Creating plant combinations will be satisfying as you place the young plants together and watch them enjoyably grow into each other from youth to maturity. Also, and so important is the value of best gardening practices, they will benefit the plantings relationships through the years.

These characteristics support the development of endless plant combinations using the following plants:

Achillea hybrid 'Hella Glashoff'

Achillea ptarmica 'Peter Cottontail'

Asclepias incarnata

Asclepias verticillata

Allium angulosum 'Summer Beauty'

Allium hybrid 'Big Beauty'

Allium hybrid 'Chivette'

Allium schoenoprasum 'Forescate'

Agastache hybrid 'Blue Fortune'

Agastache nepatoides

Agastache rugosa albiflora

Amsonia orientalis 'Blue Ice'

Amsonia taberneamontana salicifolia

Amorpha canescens

Anemone vitifolia robustissima

Anemone cylindrica

Anthericum ramosum

Arnoglossum plantagineum

Aruncus hybrid 'Horatio'

Aster hybrid 'Twilight' (now called *Eurybia x herveyi* 'Twilight')

Aster oblongifolius 'October Skies' (now called *Symphotrichum oblongifolium* 'October Skies')

Baptisia australis minor

Baptisia hybrid 'Purple Smoke'

Baptisia leucantha

Baptisia sphaerocarpa

Boltonia hybrid 'James Crockett'

Bouteloua curtipendula

Calamagrostis acutiflora 'Karl Foerster'

Calamintha nepeta ssp. *Nepeta*

Coreopsis palmata

Coreopsis verticillata 'Golden Showers'

Coreopsis verticillata 'Zagreb'

Dalea purpurea

Dalea candida

Deschampsia 'Gold Tau'

Echinacea purpurea 'Virgin' Include Dwarf White Swan with this plant

Echinacea purpurea 'Prairie Splendor'

Echinacea purpurea 'Rubin Glow'

Echinacea pallida and *simulata*

Eupatorium hybrid 'Little Joe' (now *Eutrochium dubium* 'Little Joe')

Eupatorium maculatum Atropurpureum

Eupatorium fistulosum alba (now called *Eutrochium fistulosum* 'Ivory Towers')

Gentiana andrewsii

Geranium hybrid 'Tiny Monster'

Geranium sanguineum 'Max Frei' many good sanguineums

Geranium hybrid 'Orion'

Geranium sibiricum

Geranium wlassovianum

Inula magnificum

Limonium latifolium

Lobelia siphilitica and *siphilitica* Alba

Lythrum alatum

Molinia caerulea 'Paul Pederson' 'Hiedenbraut' 'Moorehexe'

Molinia caerulea ssp. *Arundinacea* 'Transparent'

Monarda bradburiana

Monarda x hybrid 'Judith's Fancy Fuchsia'

Nepeta hybrid 'Early Bird'

Nepeta hybrid 'Junior Walker'

Nepeta subsessilis

Parthenium integrifolium

Panicum virgatum 'Northwind'

Panicum virgatum 'Hieleger Hain' and 'Ruby Ribbons'

Panicum 'Cape Breeze'

Penstemon digitalis 'Huskers Red' 'Dark Towers' and 'Pocahontas'

Perovskia atriplicifolia 'Little Spire' 'Blue Steel'

Phlox hybrid 'Forever Pink' and 'Minnie Pearl', Fashionably Early series

Rudbeckia 'Viette's Little Suzy' and 'American Goldrush'

Rudbeckia speciosa

Rudbeckia subtomentosa

Rudbeckia hybrid 'Little Henry'

Salvia azurea

Salvia x sylvestris 'East Friesland'

Salvia x sylvestris 'Wesuwe'

Salvia x sylvestris 'Crystal Blue'

Salvia x sylvestris 'Snow Hill'

Schizachrium scoparium 'Little Luke', 'Jazz' and 'Blue Heaven'

Seslaria autumnalis

Seslaria hybrid 'John Greenlee'

Silphium morhii

Silphium terebinthinaceum

Solidago sphaerocephala 'Golden Fleece'

Solidago 'Whichita Mountain'

Sporobolus heterolepis

Sporobolus airoides

Stachys officinalis 'Hummelo'

Stachys officinalis 'Rosea'

Stachys officinalis 'Summer Crush'

Vernonia lettermanii 'Iron Butterfly'

Vernonia hybrid 'Summer Swan Song'

Veronica hybrid 'Eveline'

Veronica hybrid 'Good Night Irene'

Veronica hybrid 'Very VanGogh'

SEDGES

Carex montana

Carex albicans

Carex granularis

Carex grisea

Carex bromoides

Carex humilis 'Hexe'

Carex shortiana

Carex muskingumensis

Carex 'Little Midge'

Carex pellita

Carex pennsylvanica

Carex plantaginea

Carex brevior

Carex remota

Carex sprengelii

Carex stricta

Carex woodii

Carex swanii

Carex blanda

SHADE PLANTS

Aster divaricatus (now called Eurybia divaricata)

Aster macrophyllus (now called Eurybia macrophylla)

Caulophyllum thalictroides

Thalictrum dioicum

Heuchera villosa

Dryopteris marginalis

Polystichum acrostichoides

Pulmonaria longifolia selections

Senecio obovatus

Smilacina racemosa

Polygonatum commutatum

Hostas

Epimedium

Asarum canadense
